**To General director of CJSC "UMEK"  
Mr. Kobzev V.V.**

*Regarding products of CJSC "UMEK"*

**Dear Vitaly Victorovich !**

In 2010 during "Reconstruction of electric sub-station 220/110/35 kV Penza-1", which is in the area of responsibility of the branch of OJSC "ФСК EES" – MES of Volga, for reconstruction of approaches of high-voltage line 35-220 kV our company used insulators of mark PS 70, produced at CJSC «UMEK». There are no any negative remarks over the quality of supplied products. The above mentioned insulators were attested and are permitted for usage on objects of JSC "FSK EES".

Also I would like to mark the promptness of produced delivery in connection with competitive price through your authorized agent CJSC «UIK».

**Best regards,**

**Deputy general director**
